CHARGED UP

If you are tired of the unsightly mess of wires, plugs and chargers that have become part of our gadget-governed lives, you will love The Winkbox. This invention by Ode looks like a floating shelf but tucked away inside is a row of slots that hold all the wires in place while your gadgets rest on top. The Winkbox is available in a range of finishes and is suitable for homes and offices. Buy yours online for R965.

CRAFTY CREATIONS

VISI's Joburg team stocked up on quirky gifts at the SARCDa trade exhibition. The amphibian and fishy bags above have Big Blue's wit written all over them and are available countrywide for R299 each. Jambo Imports,

winner of the Best Stand award, caught Anne-marie's eye with these woven Veti Verde baskets from Madagascar, available at LIM in Cape Town from R310. Amablokke Mama, designed by Tassels & Treasures' co-owner Elize Labuschagne, is guaranteed a spot on the desks of word lovers. The set of 16 wooden blocks (R499 per set) is available from Tassels & Treasures.

PERFECT FIT

The VISI team loves the Nest 8 (below) from Joseph Joseph. It is a dishwasher-safe collection of practical, space-saving kitchenware comprising eight items including mixing bowls and measuring spoons. It's no wonder that Nest 8 has won a Red Dot Design Award. Available from Stuttafords and Andiamo (Green Point) from R440.
